It helps to understand some key terms

CareFirst member cost: The maximum amount providers can charge CareFirst members for a specific service.

Deductible: Depending on your plan, you'll need to pay for some services on your own until you reach your deductible. Then your plan starts helping with the cost of your care.

Out-of-pocket maximum: The most you'll pay for covered services in a plan year. After you spend this amount on care costs, your plan will pay 100% of the CareFirst member costs for the rest of the plan year.

The personas represented in this decision guide are not real. The personas and quotes are used for illustrative purposes only.

BCBS Global® Core

- In most cases, you shouldn't have to pay up front for inpatient care at hospitals in the BCBS Global Core Network.
- At hospitals outside the BCBS Global Core Network, you pay the doctor or hospital for inpatient care, outpatient hospital care and other medical services. You then complete an international claim form for reimbursement.
