

**ROCK CREEK SCHOOL REPLACEMENT
PUBLIC MEETING #1 | 01 NOVEMBER 2017**

COMMENTS:

Please really think about removing monocacy middle & high from the plans. TJAy soccer is my three kids life & has been for over 10 years. This organization is an ~~an~~ opportunity for my kids to play soccer with a reasonable fee (they have financial assistance) & all volunteer league. We are at the fields all summer for drop in league / fall / & spring soccer. Also, traffic on Opposumtown is already horrible & we need to look out for all of our kids safety.

Thank you for your time!! Good luck! I am excited for Rock Creek!!

**ROCK CREEK SCHOOL REPLACEMENT
PUBLIC MEETING #1 | 01 NOVEMBER 2017**

COMMENTS:

Please take into consideration that
3/4 of the participants were here from the
Monocacy system and all were concerned
about locating in that area.

ROCK CREEK SCHOOL REPLACEMENT
PUBLIC MEETING #1 | 01 NOVEMBER 2017

COMMENTS:

- Need many more meetings

- Need much more discussion & Research.

Need to figure in impact on entire surrounding
community.

- NOT at all ready for decision on this school!

ROCK CREEK SCHOOL REPLACEMENT
PUBLIC MEETING #1 | 01 NOVEMBER 2017

COMMENTS:

① Please ask City of Frederick Rec Dept,
Fred County Rec, and each principal
how my building will impact community
rec leagues / activities / etc. at their
schools

② Please ask each principal how a new
building might impact existing PE / recess
opportunities at their schools

Thank you!

ROCK CREEK SCHOOL REPLACEMENT PUBLIC MEETING #1 | 01 NOVEMBER 2017

COMMENTS:

I have one concern regarding the comment where the statement was made about administrators being consulted over whether they had concerns if the entry to their current school would be shared or redirected. I am afraid that an administrator may be afraid to speak up in fear of repercussions if they are honest. Being a former administrator depending if you want to advance up the ladder sometimes you say what you want your supervisor to hear rather than what you really want.
