November 9, 2017 Meeting

COMMENTS:

Electrical outlets near the ceiling. We hang lights for holidays, ambience & for the visual stimulation for our kids, so we don't have cords hanging down

And an in house Starbucks would be great...

COMMENTS:

I think Monrocy campus makes sense.

Access to ^{typical} schools, easy to get to (off Rt 15),
seems level; central location.

COMMENTS:

Pool needs - bigger pool deck from what we have now

- more drains on pool deck

- pool deck does not drain well and leaves puddles and can't push water anywhere

- ramp + steps to get into pool

Walkersville, Dearbought are my vote

COMMENTS:

I would like to see a music room designed to provide students with optimal learning:

- 1.) Electronic Drum Kit
- 2.) Keyboard stations
- 3.) Button operated controls for student participation.
- 4.) Dimmer switch for light control.
- 5.) Natural light (windows)
- 6.) Quality sound system
- 7.) Projection screen
- 8.) Ipad stations

COMMENTS:

- Monocacy + Walkersville sites are the best sites.

- Please include space for school therapist group activities such as social skills group sessions. Space is needed for a maximum of 10 students + 3 adults.

COMMENTS:

- * Please have the new building to be one floor ; no wasted space in building.
- * Safe playground that is fenced in for our students safety (runners).
- * changing tables in bathrooms
handicap bars around all toilets /
automatic faucets / lifts able to fit
inside Bathroom
- * Wider doorways

COMMENTS:

Bathrooms need to be large enough to wheel a wheelchair in. Faucets and paper towel appliances easy to access and use for the students.
