POLICY	BOARD OF EDUCATION OF FREDERICK COUNTY, MARYLAND
SCHOOL ATTENDANCE AREAS AND REDISTRICTING	POLICY 200
200.0 Policy Statement 200.1 Attendance Areas 200.2 Redistricting 200.3 School Closing or Consolidation	

200.0 Policy Statement

The Board of Education (Board) believes in building collaborative relationships between the school system and the community. The Board acknowledges that schools are the foundation of the community and have a lasting impact on its citizens. However, there will be times of enrollment fluctuations and changes to the educational landscape that indicate the need to shift attendance areas, redistrict and even close schools. The Board has the unique responsibility to allocate resources based on various student needs and will consider strategies and solutions and seek high levels of communication and transparency with stakeholders.

200.1 Attendance Areas

- A. The county shall be divided into appropriate school attendance areas by the Board. With the exception of some special programs, students are expected to attend the school assigned based on their primary residence. The Superintendent will prepare regulations concerning attendance areas. If the Superintendent of schools determines that the number of out-of-district students attending child care centers is a significant factor in causing enrollment pressures within a specific school attendance area, the Superintendent shall reassign those out-of-district students before moving students whose permanent residence is within the attendance area. The Superintendent is responsible for making recommendations for attendance area adjustment based on conditions set forth in Board policy and for coordinating community involvement and a communication plan.
- B. The Superintendent has discretion to make minor adjustments to attendance area maps without Board approval under the following conditions where:
 1. Attendance area boundary lines divide properties.
 2. Maps do not clearly define school assignments of current or future students.

3. Maps may not accurately identify current school assignments due to unforeseen factors.
- C. The Chief Operating Officer will be responsible for updating attendance area maps annually to reflect any changes in boundary maps.
- D. The Board reserves the right to modify proposals, alternatives or recommendations presented by the Superintendent, Frederick County community members or during Board votes.

200.2 Redistricting

Purpose: To establish conditions under which school attendance boundary adjustments will be developed as well as the procedural and community engagement guidelines the Board will use in decisions that impact attendance areas.

- A. The Board may consider school attendance area adjustments under one or more of the following conditions:
 1. A new school, addition or renovation that adds capacity.
 2. Closure or significant damage of an existing school facility.
 3. Changes to student enrollment numbers or projections that are significantly and consistently outside of state rated capacity.
 4. Program changes that impact a school's state rated capacity.
 5. Any situation that would compel an attendance boundary adjustment to promote student safety and well-being or enhance efficiencies.
- B. The annual presentation of the Educational Facilities Master Plan (EFMP) to the Board shall include a state rated capacity review that will guide Board decisions in regard to optimal usage of school system facilities. This will also include a status report of the Adequate Public Facilities Ordinance (APFO) and approved residential developments.
- C. The Board shall consider the following factors in developing school attendance area boundaries:
 1. Educational welfare of students.
 2. Frequency of redistricting, with every attempt being made to limit individual student redistricting to not more than once every five years.
 3. Proximity to schools, in order to maximize walkers and minimize distance or time of bus runs.
 4. Student demographics.
 5. Student academic performance.
 6. Operating and capital costs.
 7. Established feeder patterns.
 8. Impact on neighborhoods and communities.
 9. Impact on specialized school programs or a change to school capacity.
 10. Instructional and operational capacity of involved schools.
 11. Any other factor that is unique or pertinent to the proposed redistricting.

It is important to note that the above criteria are not in priority order. While the Board will take all factors into consideration, it may not be possible to incorporate each factor into all adjustments.

D. Redistricting Study Process

1. The Superintendent will provide a scope of work, including defined study area, process and schedule, as well as a community engagement plan for a proposed redistricting study to the Board for review, discussion and approval prior to the commencement of the study.
2. The community engagement plan shall include a variety of engagement strategies emphasizing maximum community involvement and transparency.
3. Following initial data collection, school system staff will engage the school communities involved in the redistricting to present the scope of work, schedule and community engagement plan. Collected data will also be presented to the school communities for review and discussion. Input will be gathered regarding questions and concerns about the proposed redistricting.
4. School system staff will develop a variety of school attendance boundary options utilizing information gathered earlier and factors outlined in Board Policy 200.2(C) above. These options will be presented to the school communities, in accordance with the community engagement plan, for review and comment. The proposed options will be revised and presented to the school communities to prepare an appropriate recommendation for the Superintendent's consideration.
5. The Superintendent will forward redistricting recommendation(s) to the Board, including all pertinent data, information, considered options and details of community engagement.
6. The Board will hold a minimum of one work session and a minimum of one public hearing regarding the proposed school attendance area boundary adjustment(s). The Board acknowledges that public input is a priority.
7. The Board may direct the Superintendent to provide additional information or develop alternative attendance boundary options for the Board's consideration.
8. The Board will have a final public hearing and take final action at a public meeting.
9. Consideration will be given to granting "grandfathering" status to students entering 5th, 8th and 12th grades if space is available.

200.3 School Closing or Consolidation

Purpose: To establish procedural and community engagement guidelines for reorganizing facilities and closing schools in accordance with Maryland law.¹

When considering closing or consolidating a school, the Board shall direct the Superintendent to examine the feasibility of such action. The Superintendent shall prepare such reports as necessary to describe proposed closing or consolidation and allow adequate public review and comment.

- A. At a minimum, the following shall be considered when evaluating criteria for closing a school:
1. Student enrollment trends in relation to state rated capacity;
 2. Age and/or condition of school buildings;
 3. Transportation;
 4. Educational programs;
 5. Racial composition and levels of poverty of student body;
 6. Financial considerations;
 7. Student relocation;
 8. Impact on community in geographic attendance area for both the proposed closing school and schools impacted by relocating students; and
 9. Any other factors the Board deems relevant to rendering its decision.

Prior to acting on a decision to close a school, the Board may, in its discretion, appoint a committee to assist with evaluating the above criteria and making a recommendation to the Board.

B. Procedures for Community Engagement

1. Public Hearing

- a. A public hearing² shall take place before any final decision by the Board to close a school.
- b. Time limits on the submission of oral and written testimony and data shall be clearly defined in the notification of the public meeting.

In addition to regular electronic and written communication used by FCPS, written notification of all schools being considered for closure shall be advertised in at least two newspapers having general circulation in the geographic attendance areas for the school(s) impacted by closing or relocation of students.
- b. The newspaper notification shall include the procedures to be used by the Board in making a final decision.

¹ COMAR 13A.02.09

² For purposes of this policy, public forum is defined as: "A forum provided to concerned citizens to submit their views, testimony, data and/or concerns to the Board by either commenting publicly or submitting statements in writing."

c. The newspaper notification will be placed at least two weeks prior to any public hearing held by the school system on the proposed closing.

C. The Board shall render its vote publicly and in writing.

1. The final written decision should include the rationale and basis used for a school closure.

2. The written decision shall address the impact of the proposed closing on the factors set forth in Maryland law.³

3. There shall be notification of the final decision by the Board to the community in the geographic attendance area of the school to be closed and the school(s) impacted by the relocation of students.

FREDERICK COUNTY PUBLIC SCHOOLS	Reg. No. 100-01
Subject: RENTAL OF FREDERICK COUNTY PUBLIC SCHOOLS FACILITIES	Issued: 1/1/86
Preparing Office: Office of the Superintendent	Amended: 7/1/19

- I. Policy 203
- II. Procedures

A. Rental of Frederick County Public Schools (FCPS) Facilities

The Board of Education of Frederick County (BOE) recognizes that FCPS facilities are public buildings and, subject to provisions established by Maryland school laws, encourages their use by an approved community user group (CUG) when they are not being used for FCPS purposes. The Superintendent or designee is authorized to establish standard operating procedures and regulations which will provide for the use of FCPS facilities by CUGs without profit to the BOE; provided, however, that the costs of operation and maintenance are defrayed by the CUG.

1. Non-Profit 501(c)(3) Organizations

FCPS buildings and grounds may be used for educational, civic, social, religious, and recreational activities only by approved 501(c)(3)non-profit CUGs.

To meet the FCPS requirement as a non-profit organization, a CUG must be recognized by the Internal Revenue Service (IRS) as a non-profit 501(c)(3) organization. The CUG must submit an IRS determination letter stating this status to FCPS. CUGs may obtain information about IRS recognition as a non-profit organization and/or IRS determination letters at www.irs.gov

2. For-Profit Organizations

Rental of FCPS property by a for-profit business or CUG is not permitted.

B. FCPS Facilities Restricted for Outside Use

Because of the special purpose design of Rock Creek School, Career and Technology Center, Heather Ridge School, Earth and Space Science Lab, FCPS Staff Development Center in Walkersville, Lincoln A, and future special purpose schools and the equipment located in those facilities, after-hour use of those facilities shall be limited to school-related groups or CUGs directly related to the facility. Related CUGs using the Rock Creek School will include only groups comprised of or serving students or persons with disabilities. Those using the Career and Technology Center will include only Frederick Community College and organizations directly involved in the career education effort.

C. Special Operating Requirements

The BOE recognizes individual schools may have special operating requirements under the auspices of "Park School" agreements (shared use agreements with county or city parks and recreation) or other agreements approved by the BOE. These agreements

may contain provisions which sometimes may be at variance with BOE policy or FCPS regulation in order to meet the needs of specific situations.

D. Classification of Users and Charges

Tables I and II, as attached to this regulation, identify priorities of users and charges. Charges for use of FCPS facilities will be reviewed annually to determine whether the fees assessed by regulation are, in fact, adequate to cover costs of operating the facilities.

E. Applications to Become an Approved Community User Group (CUG)

1. An online application to become an approved CUG is made through the program found at www.fcps.org/uof. An application must be completed and submitted by a Frederick County adult resident who is a representative of the CUG. An application submitted on behalf of a governmental agency may be submitted by an official with the agency who is not a Frederick County resident.
2. The online application to become an approved CUG will be received by the Use of Facilities Coordinator. Proof of 501(c)(3) non-profit status and a valid certificate of insurance is required for approval. Once the request as a CUG has been approved, the CUG may submit a schedule request form (SRF) via the online program to request use of FCPS interior spaces or fields.

F. Standard Operating Procedures (SOP) for Use of Facilities

1. Refer to the SOP for Use of Facilities found at www.fcps.org/uof which details information on topics such as submitting a use of facility request form, requirements for valid certificate of insurance, invoicing and payment process, HVAC and custodial services, usage of high school auditoriums, accessing FCPS facilities, cancellation requirements, weather-related cancellations, summer hours, usage of FCPS grounds and fields, permission to mow or maintain FCPS fields, movie licenses, etc.
2. When updates are made to the SOP, an email announcement will be made to all approved CUGs and the revised copy will be posted on www.fcps.org/uof.

G. Scheduling of Facilities

1. Elementary and Middle Schools
A schedule request form (SRF) for use of interior spaces or fields at elementary and middle schools may be submitted at any time, but event dates cannot extend past the end of the current fiscal year (June 30). See SOP for full details.
2. High Schools
An SRF for use of interior spaces or fields at high schools, other than swimming pools, shall be processed in accordance with the following schedule, but event dates cannot extend past the end of the current fiscal year (June 30). See SOP for full details.

Date for CUG to Submit a High School SRF	Deadline for Processing of SRF by High School Site Administrator *	Event Dates
May 1	June 1	July 1 – August 31
July 15	August 15	September 1 – November 30
October 1	November 1	December 1 – February 28/29
January 1	February 1	March 1 – June 30
* Although a CUG may receive an approved SRF, due to the uncertain nature of internal FCPS high school athletic schedules (which could be extended due to play-offs, weather reschedules, etc.), previously approved dates for CUGs may need to be cancelled or postponed as required with limited notice to the CUG. Notice to CUG will be given as soon as possible.		

3. An SRF received on or before the established deadline date are to be held until the deadline date will be held until the deadline for consideration of all received SRFs.
4. An SRF received after the established deadline may be considered at the discretion of the principal or designee.

H. Priority Schedule

Use of facilities shall be determined in accordance with the order of priority as identified in Table I.

I. Charges – See Table II

1. The total fee could consist of:
 - a. Facility fee: Charges levied to offset costs of building operations and maintenance (applies to third, fourth and fifth priority users – See Table I).

 - c. Administrative Processing Fee: Charges levied to offset personnel time for services associated with the event (applies to second priority users – See Table I).
2. As a general rule, when a CUG uses FCPS facilities during a FCPS custodian's (or other in-house FCPS staff's) normal working hours, no labor charge will be assessed. If, in the judgment of the principal or designee, additional work is required in order for the custodian (or other FCPS staff) to accommodate the CUG's event, labor charges may be levied to the CUG for the number of overtime hours required.
3. FCPS staff will review Table II rates periodically and revise the rate schedule as appropriate, with approval of the BOE (per Policy 203.3).

J. Restrictions and Conditions Regarding Use of the Facilities

1. All use of facility events (particularly after regular school hours and weekends) must be entered on an online schedule request form for both internal FCPS events and CUG events.
2. FCPS facilities are to be used for programs and activities that extend benefits to students and the community. Inappropriate use of facilities includes, but is not limited

Raffles and 50/50 drawings conducted by groups such as PTAs, alumni associations, recognized employee associations, and booster groups are permitted with approval of the principal, or designee. 6. FCPS buildings shall not be used for events or activities private in nature such as birthdays, anniversaries, weddings, receptions, funerals, or memorial services.
7. FCPS buildings and grounds may be used for non-partisan political debates and issues forums sponsored by FCPS or non-partisan organizations.

FCPS buildings or grounds shall not be used for partisan political rallies, political fundraisers, and presentations by candidates for public office or related election activities. FCPS buildings or grounds shall also not be used for partisan activities associated with any issue scheduled to be included on the ballot of the next election.

Nothing in the above shall serve to restrict the county Board of Elections in the administration of Election Day activities.

8. Rental of FCPS facilities for overnight activities is not permitted. The appropriate instructional director may approve exceptions that are consistent with the purposes and intent of this regulation.
9. There shall be no temporary or permanent signs, banners, or pennants placed in or on FCPS buildings or on FCPS grounds by any CUG except those associated with activities sponsored by FCPS or the PTA. Two exceptions are:

The principal or designee must report each incident to the Use of Facilities Coordinator via a Google form found on the Inside FCPS Use of Facilities webpage. If continued misuse occurs, the principal or designee may cancel future event dates with the CUG, and contact the Use of Facilities Coordinator about the possibility of terminating the CUG's privilege to use FCPS facilities (after investigation and determination by the Chief Operating Officer).
- 13. Occupancy of buildings or rooms shall not exceed capacities established by the fire marshal.
- 14. Vehicles will be parked in authorized parking areas only. Operation of vehicles on FCPS lawns and play fields is prohibited.
- 15. All after-hour use of FCPS facilities must be supervised by a person at least 21 years of age representing the user group.

Beverage trailers and mobile concession stands will not be left on the FCPS grounds overnight. Large tents will not be erected on FCPS grounds. Temporary booths for PTA carnivals are exempt from this restriction.
- 18. Under no condition will a SRF for after-hour activities be approved where the SRF requires persons to be on a building roof. This includes firefighting practices, rappelling demonstrations, and other such activities.

In the event loss is incurred as a result of the use of the facility by a CUG, the amount of damage shall be decided and invoiced by the BOE. The CUG shall also hold harmless and indemnify or reimburse the BOE for any liability to third parties arising from use of FCPS facilities.

L. Principal's Responsibility

POLICY	BOARD OF EDUCATION OF FREDERICK COUNTY, MARYLAND
CONSTRUCTION, RENOVATION AND MAINTENANCE	POLICY 202

202.1 Facilities Master Plans

The Board of Education (Board) will maintain long-term facilities master plans for constructing, renovating and maintaining public school facilities in Frederick County. The master plans shall attempt to balance the need for new seats with the need for renovations to existing buildings. The Board will review these plans annually and adopt a plan after considering public comment. The Board will work cooperatively with the State of Maryland, Frederick County Executive and County Council, and other elected officials to obtain adequate state and local funding and to implement the plans.

202.2 New School Buildings

The Board will use prototype designs whenever possible. Schools will be constructed to maximum approximate capacities:

- Elementary schools – 700 students
- Middle schools – 900 students
- High schools – 1600 students

All other schools will be constructed to accommodate the number of students determined by the Board to be appropriate to the school's function.

The Board may authorize exceptions to the capacity figures shown above.

202.3 School Site Acquisition

The Board will work collaboratively with the Frederick County Executive, County Council and Planning Commission to maintain criteria for school site acquisition and work to maintain a sense of community when selecting school sites. Considerations in the site selection process will include:

- The site is consistent with the land use plans prepared and approved by Frederick County, the City of Frederick or municipality.
- The site is adequate in size and physical characteristics to meet site design requirements for the size and type of school intended for the site.

Policy 202

- The site is in compliance with State, County and Municipal site development regulations.
- Adjoining, existing and future planned land uses of the site are compatible with the type of school planned.
- The site has acceptable utility, road and pedestrian access available.

202.4 Specific Project Approval

Educational specifications and designs for all projects shall be subject to Board approval. The Board will review educational specifications and designs at the Board's work session before granting Board approval. For new schools, school additions or major renovations, the Board must approve each major step in the design process, including schematic designs, design development documents, and construction documents.

202.5 School Construction/Use of Minority Business Enterprises (MBE)

The Board shall require staff to enable a Procurement Review Group (PRG) to review and analyze each construction project or type of work and the potential for certified minority businesses to participate in the project. Based on these factors, individual project goals and sub-goals for a project may be higher or lower than the standard percentages. It is also possible that some projects could have no MBE requirements, if specific circumstances justify that decision. When bidding as general or prime contractors, all general contractors and subcontractors, including certified MBE firms, are required to attempt to achieve the MBE subcontracting goals from the certified MBE firms approved by the Maryland Department of Transportation (MDOT).

This MBE procedure is applicable to all public school construction projects approved for partial state funding through the state public school construction program.

202.6 Easements or Rights-of-Way

The Superintendent or designee shall have authority to act on behalf of the Board in approving easements or rights-of-way of less than one (1) acre to allow utility connections or improvements at existing school facilities or for Board approved projects. The Superintendent or designee shall report to the Board when such approvals are provided.

202.7 Developer-Funded School Construction Projects

The Board supports the funding of school construction through Board agreements with developers as one approach to addressing Frederick County Public Schools (FCPS) facility needs and the consequences of residential development in the county. Such agreements will be considered only in conjunction with county and municipal growth management regulations. Projects that will be considered for developer funding include school additions, new schools/facilities and addition/renovations. The principal goal of any project approved under this policy is to eliminate overcrowding and improve the

educational setting for students and staff. The following guidelines will be considered for developer-funded projects:

A. Developer Responsibilities

The project scope (the size of the school project) will encompass the existing enrollment and capacities of the schools serving the site, the enrollment impact of the residential development under review, enrollment growth from the surrounding neighborhoods, and other residential developments in the school attendance area that have preliminary plans in process or approved.

As a condition of the agreement between the Board and the developer, and in conjunction with agreements approved by the County, the developer will not record lots until the scope of work for the project is approved by the Board that successfully addresses current and potential future overcrowding of schools serving the site. The approved scope of work will be incorporated into an agreement between the developer and the Board.

Once an agreement is in place, funding for the project must be provided or guaranteed prior to design and construction. The developer may withdraw after the design phase if it does not want to proceed with funding construction of the project. If the developer does not wish to proceed, then the agreement is voided. Any funds expended during the design phase are non-refundable. Any plans completed during the design phase become the property of the Board.

B. Board Responsibilities

Funding for the project will incorporate the total project cost, including the cost of offsite public improvements, as determined by the Board.

As with all projects, the Board will determine the project's scope, including the size and specifications as required to meet the needs of schools in the community.

For school construction projects funded by a developer(s) to address school overcrowding, the Board will not request State funding for construction. The project will not be recommended for inclusion in the County CIP and thereby make residential capacity available for other residential projects under the County's or a municipal adequate public facilities ordinance.

The Board supports partnerships as a means of providing school construction funding.

All projects will be considered as part of and in cooperation with county or municipal plans and review and approval procedures.

C. Staff Responsibilities

As with all projects, FCPS staff will manage the design, procurement and construction of the project. The project will utilize standard FCPS project management processes and procedures. The developer will reimburse FCPS for direct costs associated with project management.

An exception will be made for official business trips sponsored by the County Council for Frederick County, Maryland. School buses involved in field trips will be driven only by approved and certified board school bus drivers.

441.6 Standing on Buses

In accordance with Maryland law, school vehicles shall be routed so that all students are seated and loads do not exceed the rated capacity. If extenuating circumstances create an overload, i.e., unanticipated ridership at the beginning of the school year or an emergency, a corrective plan will be immediately identified and remedied as soon as possible but no later than five (5) student days after notification of the overload condition.
